

## Time for Prints (TPF) Terms

### What I will need from you:

- The photos are for my portfolio, and I may use them for exhibition or publication so you would need to sign a model release.
- You will also need to bring a Photo ID (Driving Licence or Passport) which I will need to photograph you with for the Model Release - this is simply to prove that you are who you say you are (and that you are over 18)

### What you will get from me:

- You will get electronic versions of all the images that I work on from the session (JPG @ 747x500 pixels watermarked with my name and website address) - you may use these for any self-promotion that you wish as long as you leave the watermark in place and do not edit the images or sell the images in any form. (These images are suitable for you to print out enprint size photographs for yourselves)
- You will also get electronic proof sheets of all the shots from the session (15 images on a 1600x1200 pixel sheet watermarked 'PROOF') - these are not to be used for any purpose other than your reference.
- If you want prints of your photographs they are available: A4 @£10 - A3 @ £20. Other sizes are available, please ask.
- If you want hi-res digital versions of the photographs for print use these are supplied at the A3 print rate when available. You may use these for any self-promotion that you wish as long as I (Robert Babylon) am credited in a sensibly legible size typeface and place.

### Please note:

I am very happy to try and make sure that we both get the sorts of images we need for our portfolios from a shoot, however I am very strict about TPF and payment, I don't charge for studio, consumables etc. and in return I don't pay, not even travelling expenses, although I am very happy to collect and return you to the local mainline railway station.

I remain the copyright holder on any images created during the session.
